

BIG EXPECTED OVER DEAL

Murphy's Latest Attempts
to Oust Heydler Arouse
the Fans.

NOT YET CERTAIN HE WILL SUCCEED

Inside Details of Sale of Phillies
May Uncertain Real
Trouble.

NEW YORK, Nov. 27.—Increasing brisk westerly winds, culminating in a violent storm, is the National League weather forecast issued today. The "brisk, westerly wind" refers to Charles Webb Murphy, the nominal head of the Chicago National League team, but who is believed to be nothing more than the representative of Charles P. Taft, the President's brother, who is credited with the ownership of the team. The "storm" feature will break, it is generally believed, when the baseball public learns of the new attempt to re-introduce syndicate baseball into the National League, as disclosed by the sale of the Philadelphia Nationals to a syndicate in which Murphy and John T. Brush are leading figures, and the resulting attempt to oust John Heydler as president of the National League.

Hermann Is Sore.
Forerunners of the storm are already heard in the mutterings of discontent from Garry Hermann, the Cincinnati manager and chairman of the National commission, Ben Johnson, president of the American League and a member of the commission, and from other points on the baseball map, where fair play is considered a greater asset than petty politics.

The capture of Philadelphia by the Brush-Murphy combine will give the syndicate five votes and the control of the National League, provided Ebbets, of Brooklyn, and Robinson, of St. Louis, live up to their reported promise to support Murphy in his fight to get rid of Heydler. It is not at all certain they will do this. Ebbets is reported as saying that Murphy is trying to secure him out of any chance to secure the services of Johnny Kling, for the Philadelphia deal has as one of its angles the securing of Kling to manage the new Quakers.

Are After Kling.
Kling's announcement that he is "through with baseball" is not taken seriously, meaning simply that he is through unless his salary demands are met.

The real fight will come should it be discovered that both the New York and Chicago clubs are interested financially in the Philadelphia team and that Brooklyn and St. Louis are being played as pawns by Brush and Murphy and "President" Fogel. This would be a reversal to methods once employed in the National League, which placed the organization in disrepute.

If the new alignment goes through, it will mean not only the deposition of Heydler, but also of Hermann as a member of the national commission, as with both Heydler and Hermann on the commission, the syndicate would be balked at every turn.

PLANNING TO HOLD SWIMMING MEETS

Y. M. C. A. Authorities Will
Endeavor to Arouse In-
terest in Aquatics.

Washington is going to branch out into the swimming game this winter a little more extensively than it ever has before. Announcement to this effect was made by the authorities at the Y. M. C. A. this morning.

Already two dual swimming meets have been arranged for the local men, while negotiations are open for several additional ones. Philadelphia Central Y. M. C. A. is the only name on the list so far. The team meets Washington branch in the local pool on January 1. April 30 is the date selected for the return match in Philadelphia. In all probability matches will be booked with several of the Baltimore branches.

The Washington swimmers, encouraged by the new impetus given the sport here, are practicing earnestly for the scheduled events. Two nights a week the entire team works out together, while individual members are to be seen perfecting the various strokes nearly every afternoon and evening of the week. Although the season is far from definite, the team toward the selection of a team, these men look to be the most likely candidates for Lashmutt, Moody, Sheridan, Rutherford, and Wheeler.

CITIZENS OPPOSE GAME OF FOOTBALL

Brightwood Park Association Favors
Abolition of the Sport
In Washington.

That football under the present rules should be abolished in the District of Columbia is the opinion of the Brightwood Park Citizens' Association. Resolutions indicative of this position were adopted at a meeting last night, copies of which will be forwarded to the Commissioners. Several speakers opposed permitting the playing of the game in the public schools.

Resolutions endorsing W. V. Cox as Commissioner of the District to succeed Commissioner West were adopted. Major Richard Sylvester, superintendent of police, made an address in which he referred to the inadequacy of the police force in police work and urged the co-operation of the association in obtaining an appropriation for an increase in membership.

The association expressed its regret at the approaching retirement of Commissioner MacFarland and West by the adoption of resolutions offered by A. M. Condra.

SUICIDE SUSPECTED.

NIAGARA FALLS, Nov. 27.—A hat, a coat and a muff tell the story of the probable suicide of Miss Margaret Callan, a trained nurse, who lived at 239 Glenwood avenue in Buffalo. The clothing identified as hers was found on the river bank above Goat island bridge.

BASKETBALL HAS BRIGHT PROSPECT

Three Well - Organized
Leagues Are Anticipated
By Promoters.

The prospects of basketball gaining a firm footing in the local sporting realm are more promising than ever this season. To date but a single league has been formed, Class A of the Washington City organization, which has just completed its second week of play. Plans are on foot to form leagues and the next month should see at least three strongly fortified organizations in line.

The Military League will be the only one of the veteran organizations that will not be reorganized. The league was formed only as an experiment last season and careful scrutiny on the part of the officials proved the inadvisability of allowing existing conditions to continue. It was discovered that basketball work among the various military companies detracted from interest in drill work and at the same time drew into the ranks men whose one object was to play basketball. The Military League will be formed to take the place of the disbanded organization, and the result attempt to oust John Heydler as president of the National League.

Stars Are Barred.
This will not deprive members of the companies and followers of military athletics of the sport. On the contrary, the league will be formed to take the place of the disbanded organization, and the result attempt to oust John Heydler as president of the National League.

Forerunners of the storm are already heard in the mutterings of discontent from Garry Hermann, the Cincinnati manager and chairman of the National commission, Ben Johnson, president of the American League and a member of the commission, and from other points on the baseball map, where fair play is considered a greater asset than petty politics.

The capture of Philadelphia by the Brush-Murphy combine will give the syndicate five votes and the control of the National League, provided Ebbets, of Brooklyn, and Robinson, of St. Louis, live up to their reported promise to support Murphy in his fight to get rid of Heydler. SUICIDE SUSPECTED.

NIAGARA FALLS, Nov. 27.—A hat, a coat and a muff tell the story of the probable suicide of Miss Margaret Callan, a trained nurse, who lived at 239 Glenwood avenue in Buffalo. The clothing identified as hers was found on the river bank above Goat island bridge.

HARVARD STRONGER FOR NEXT SEASON

Yale Loses Large Majority of Its Veterans—Five Criminals
Regulars Will Be Missing—Daly and
Kilpatrick Available.

NEW YORK, Nov. 27.—Harvard will have a team of veterans next season, for of the sixteen men who entered Harvard's line-up in the game against Yale last Saturday only five will be lost through graduation, while only ten of the entire squad will not return to college next year. With a decidedly fast freshman team to pick from the outlook for one of the best eleven in the history of football at the university next year is a most promising one.

Good Ends Remain.
The question comes, Is there any one left besides Daly and Kilpatrick? It is not long to name those who will form the nucleus for the 1910 team. Howe will be in college again, and so will Corey, one of the other quarters of the year, but Johnson, the third quarter, will graduate in June.

For end material Yale will have Kilpatrick, Savage, Vaughan, and Brooks. Naedle, the only other end of this season, will graduate in June. For tackle material there is none in sight except what the present freshman class may furnish, and this is mighty unattractive at present.

Field In Backfield.
At center the outlook is better, because of the loss of Francis, the two backfield substitute centers, will be back in college next fall. For backfield material there is no good fullback unless Savage is put at this position and Vaughan and Kilpatrick are kept at the ends. There is a good deal of material in all that can be said for him. The backfield material will be cut down to Jack and Fred, Messersmith, Taylor, none of whom are in the same class with the backfields of Captain Coe's team.

Walter Camp will have a son as a candidate for the varsity next fall. He is a big fellow, and should have a football career ahead of him.

JEFF'S FRIENDS FEARING FOR HIM

Two Old-Timers Think That
Johnson Has Shade
On White Man.

A friend of Jim Jeffries in Omaha, Neb., who knows the big fellow's habits and mode of living, makes the following statement regarding his chances to defeat Johnson:

"There is no man who admires Jeffries more than I, so that I do not want to be accused of knocking. But, really, I feel convinced that if Jeffries and Johnson meet in the ring the negro will win."

Harry Tutthill, trainer for the Tigers, isn't very enthusiastic over Jeffries' chances with Johnson, and declares that Jeff will be whipped if he doesn't show great improvement over the condition he was in when he boxed six little rounds with Berger at Pittsburgh. Tutthill was in Jeff's corner that night, and he thinks that even if Jeff is prepared to suffer the consequences, "He will find Johnson a clever, powerful, and experienced boxer," said Tutthill.

BARROW TO LEAD MONTREAL CLUB

MONTREAL, Nov. 27.—Edward Barrow, formerly manager of the Toronto Eastern League baseball team, has been signed as manager for the Montreal Eastern League team for 1910, replacing James Casey.

Little Bits of News and Comment About the Athletes and Happenings In the Sport Realm of This Country

Frankie Neil and Young Britt are to box in Baltimore November 30.

Packey McFarland is talking of making a trip to England because he cannot get a match with Nelson.

Sprackling, of Brown, looks like the best quarterback of the year—at least in the East.

Harry Hillman, Jr., a member of the American Olympic team, and an athlete of note, has been appointed coach of the Dartmouth College track team.

Now is the time for the All-American team to be picked, most of them on hearsay evidence and few by men who have seen all the big Eastern teams in action.

Stanley Ketchel is anxious to appear before the footlights and probably will accept some of the theatrical offers made to him.

The National Sporting Club of London refused to stage the bout between Freddie Welsh and Dick Burge, as there was too much disparity in the ages of the men.

Rudie Unholz is still getting the coin in Australia. The other night in Sydney he defeated George Johns in twenty rounds. Johns was a 2 to 1 favorite over Rudie.

Joe Walcott is determined to make good his word. He says that besides Chester, his youngest brother, Lorimer, is about ready to enter the game.

Abe Attell has accepted the challenge Ad Wolgast to box at 122 pound ring and a \$2000 side wager. Wolgast will have his troubles making that weight, while Attell without weakening himself in the least.

Heine Rafael, former manager for Johnny Frayne, the California lightweight, is now thought to be the man who will select for his future manager.

Jack O'Brien and Al Kaufman, the California heavyweight, are matched to meet in Philadelphia December 15.

Notwithstanding all the boasting that has been done for Ad Wolgast, the California lightweight, he is not so sure of himself.

WOMAN MOTORIST HAS BRIGHT IDEA

Would Adopt Some Uni-
versal Distress Signal for
Auto Drivers.

By HARRY WARD.
A fair motorist in Minneapolis has started a popular movement by suggesting that some sort of C. Q. D. signal be adopted for use in emergency. This was prompted by a recent occurrence in which an automobile was laid up on a side road about a quarter of a mile from the main-traveled road. Cars went flashing by in the night and the stranded ones were unable to attract the attention of the passing parties. A C. Q. D. signal on the horn or with a detached headlight would have, in this case, saved much inconvenience and worry, and suggestions are being made that the most important matter ahead of the passage of this bill will bear results, said Mr. Spear.

Lewis R. Spear, president of the American Automobile Association, has given out a statement to the effect that the most important matter ahead of the association at this time is the national legislative convention in the interest of the Federal automobile bill, to be held in this city on February 15, 16, and 17. This measure is of great interest to motorists in general, its passage, according to President Spear, would simply touring to a great degree and in every way be of advantage to owners of automobiles. "I am more than ever hopeful that this action for the passage of this bill will bear results," said Mr. Spear.

The annual meeting of the board of directors of the American Automobile Association will be held next Tuesday in New York and a large delegation of prominent motorists from many parts of the country are expected to be in attendance. On the following day the new board of directors will meet to elect officers for the ensuing year and make such appointments and arrangements in the organization of the various departments as may be considered desirable. The most important board is the contest board, of which Frank B. Howser, of Buffalo, has been chairman for a number of years. It is expected he will fail of reappointment. S. M. Butler, of New York, and David C. Deane, of Chicago, have been prominently mentioned as his successors.

Important improvements and additions have been made to the Detroit electric line for 1910, which has been increased in number to nine models by the addition of four models on the roadster chassis. The wheelbase of two victoria models and the two and four passenger coupes has been lengthened to 105 inches to secure even better riding qualities; but the most notable change is the entire rearrangement of the power plant. The motor is dropped below the floor of the car, which results in eliminating motor noise inside the car, leaving the center of gravity and permitting equipment with an effective emergency counterweight brake. The Detroit line is handled locally by the Dupont Sales Company.

Miller Brothers Automobile and Supply Company has received word that James Couzens, secretary and treasurer, and N. A. Hawkins, commercial manager, of the Ford Motor Company, have returned from a four weeks' business trip through the South and West and returning to Detroit are very enthusiastic about the country, and both will be very much surprised if there isn't a worse shortage of cars this coming year. Ford dealers have already closed up for 15,000 cars for 1910.

One of the most notable automobile sales achievements ever reported in the industry has just been announced from Indianapolis. This is that the 1910 output of the American Motor Car Company has been disposed of. This is no small feat, considering the fact that the output of the American plant was sold by one man—Sales Manager "Cash" Baker, who has placed the cars in all sections of the country.

The local Goodyear branch has been advised that the Goodyear Tire and Rubber Company has acquired the sole United States right to sell the Doolittle detachable mountable rim. The local branch will soon be supplied with demonstrating stands and a full stock of the new rims. L. C. Van Bever, former manager of the Doolittle Tire Company, will have charge of this branch of the Goodyear Company.

The L. P. Dorsett Company is constantly adding to its fine line of cars. The latest agency to be secured by this company is the Kline Kar, which is made in York, Pa., by the C. K. Motor Car Company. The designs of this car were drawn by James A. Kline.

J. R. Thomas, of the John R. Thomas Automobile Company, spent Thanksgiving at his old home in Whitford, Pa., and then went to the Maxwell factory in Tarrytown, N. Y., to hurry up shipments of Maxwell cars.

The first of the 1910 Moon cars has arrived in Washington, and the Motor Sales Company is entertaining many visitors who desire to get a line on the Moon "Thirty."

WORLD CHAMPIONS IN GOTHAM GAMES

Flanagan and McGrath Will Try
To Break the Weight
Record.

NEW YORK, Nov. 27.—John Flanagan, Matt McGrath, and Pat McDonald, each of them a world's champion, will compete in the three weight classes at the games of the Irish Volunteers at Celtic Park tomorrow afternoon.

The program includes a hammer throw, the discus, and the shot, and the forty-two pound stone. In this last event, it is expected that the world's record will be broken.

Canadian pigeon fanciers have made entries in the Cincinnati show.

Cornell alumni field fund is now \$70,000, and an effort will be made to reach the \$100,000 by January 1.

JOHNSON STINGS PITTSBURG FANS

Talk About Langford Fight
Seems Mere Press
Agent Gag.

NEITHER PRODUCED
NECESSARY CASH

Heavyweight Champion Will
Leave for New York
Tonight.

PITTSBURG, Pa., Nov. 27.—Jack Johnson's theatrical engagement closes here tonight. He will leave tonight for New York where bids for the coming fight with Jeffries will be opened next Wednesday.

Sam Langford left earlier in the week and with Johnson's departure local fight fans are beginning to have a slight suspicion they have been "stung" with all the fight talk that was going on between the two colored fighters.

Johnson only repeated his statement today that if Langford really wanted to fight all he had to do was post \$10,000 as a guarantee of good faith. Langford has been in the city since he arrived in New York and it was reported at various times that the sum had arrived here. Both have failed to bring the ten thousand to light.

At all events no money has been posted and no blows struck, although Johnson offered to fight Langford in his room. There is a feeling here today among the fight fans that two very busy press agents have been "stringing" the public.

ARMY WILL PLAY FOOTBALL AGAIN

Manager Asks for Game
Next Season With
Tufts College.

NEW YORK, Nov. 27.—It is apparently certain that football will be played at West Point next year, regardless of the unfortunate death of Cadet Byrne this fall. This became evident today through the arrangements between the Army and Tufts College, in Boston, for the same which the medical students play annually with West Point. They have been asked to reserve a date on their 1910 schedule for Army.

But it is understood that the invitation to meet the soldiers on the gridiron is surrounded by certain reservations, which, while they are not explained in so many words, mean practically that the game as it is now played must be reformed. It seems evident, therefore, that the Army will again lead the fight for reform in football, as it did so very successfully in 1905.

FORMER NATIONAL TO BE MANAGER

Al Seibach to Head Harrisburg in
the Tri-State League Next
Season.

HARRISBURG, Pa., Nov. 27.—The Harrisburg Athletic Club directors today elected Al K. Seibach, of Columbus, Ohio, as manager of the Harrisburg Tri-State team for 1910.

He succeeds George Hecker, who has purchased an interest in the Trenton Club. Seibach will report next month.

TREMBLAY RETAINS LIGHTWEIGHT TITLE

HOLYOKE, Mass., Nov. 27.—Eugene Tremblay, of Montreal, Canada, successfully defended his claim to the lightweight world title last night, throwing Bob Somerville, of England, in two straight falls in forty-seven and twenty-two minutes. The match was catch-as-catch-can style.

ANNOUNCE WINNERS IN AMATEUR BOUTS

TORONTO, Ont., Nov. 27.—In the semifinals for the Ontario novice championships Mike Casey, of Philadelphia, defeated J. Anderson, of Toronto, easily in the 125-pound bout, and Max Lindin, of Philadelphia, won the 135-pound bout, knocking out Mould, of Toronto.

T. McNamara, of Boston, easily defeated Ed Leonard, of Philadelphia, and Dan Murphy, of Boston, defeated Jack McNab, Toronto's heavyweight representative.

MOTHER'S FRIEND

Every woman covets a shapely figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided by the use of Mother's Friend before baby comes, as this liniment prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend makes the danger of child-birth less, and carries her safely through this critical period. Thousands gratefully tell of the benefit and relief derived from the use of this remedy.
